Dear MR Frank,

My name is Eric Long and I'm writing to you about A Bankruptcy Case that I had in front of you ~~back~~ back in 2017 Chapter 7, However I was given a discharge on the case, However til this day I still don't know what the discharge means in my case, The last time I wrote to you, you responded back to me and you told me to seek an attorney to find out what the discharge means in my case. However my problem is I was acting pro-se I couldn't afford an attorney and I just can't seem to find any attorney who is willing to tell me I'm guessing because of the uniqueness of this case they are not trying to get involved, and now because of Covid - I'm having a problem getting answers or finding

Rowe Price info that I put down on my asset schedule, and can you send me another petition? ~~no~~ I tried to reach the clerk who handle's the cases for your courtroom however she won't respond to my request I've called her on the phone left messages, and I gave ~~her~~ her contact info she never responds I've done this more than once, when you call the clerk's office it says it's close but they tell you who to contact for certain courtrooms I've done that she never responds to my messages, so can you help me in this matter? by giving me the information I'm requesting?
